## WHAT OTHERS

Hickman, Ky., May 28, 1909

Bichsond & Bond Co., Hickman, Ky.

Will say that I think your cotton seed meal and buils the best for cattle and sheep. I think it is cheaper than corn or hay at present prices. I have fed several hundred head of cattle at different times and think it the best fat producer. I carried 150 head of think through past winter. I fed hay part of the time. It took three bales of clover hay per day at 60c per bale, seating \$1.80 per day. When I fed your cotton seed meal and hulls it cost about \$1.00 per day to same bunch of sheep, and think they did better on your meal and hulls. Yours truly.

Julian Choate

Richmond & Bond Co. Bickman, Ky.

Gentlemen-I have been feeding your cotton seed meal and balls for two years to milch cows and find it to be the hest feed I have ever used, also the cheapest. It in-cresses the flow of milk and keeps the cows in fine condition. Am fully satisfied with your cotton seed meal Respectfully. and bulle.

The fire broke out in the residence of Bud Nichols, presumably from a defective flue, and before help arrived the fire was beyond control. This residence and contents were a total loss. Value about \$800; small insurance on residence, which was owned by Charlie Nichols.

Next to go was an adjoining residence occupied by Dick Bailey. He lost his household goods-no insurance. This house was also owned by Charlie Nichols. Value about \$600, small insurance.

From this building the old negro Baptist Church caught and was totally destroyed. The old church had been moved just far enough back to allow the erection of a new concrete church building belonging to the Baptists. This building also burn ed. The latter building was the hand somest church in the city, and was complete with the exception of papering. It was valued approximately at \$4,500, with not a dollar's insurance.
